

T6: Login as an existing user, but we modify the Password

Status	Type	Priority	Estimate
Failed	Acceptance	High	None
References	Automation Type		
None	None		

Preconditions

During the test, we check the ability to log in to an existing user with a modified password in Password we change the sixth letter from uppercase "A" to lowercase "a"

Steps

1	Go to: https://demo.guru99.com/v4/	Guru99 Bank page appears with "UserID" and "Password" login fields
2	We enter in the field: UserID the correct login "mngr484054" and in the Password field "the received password with the sixth uppercase letter 'A' changed to lowercase letter 'a'" and click the "LOGIN" button.	Logging should be impossible. Message pops up : "User or Password is not valid".
